

New NBFSC Provincial Snowmobile Trail Maps

Paper Trail Maps:

- Maps are available at Service N.B. when you buy your 2018 Trail Permit.
- Maps at all Arctic Cat, Ski-Doo, Polaris and Yamaha dealers servicing N.B.
- Maps, for our visitors at all NBFSC Corporate Partners.
- Maps are always available at your (home) Member Club.

Electronic Map Accessories:

Trail Application (App.) - This app will run just like your typical Google based map Application and you will be able to also use this as a GPS unit in the field. This function will probably be most useful when entering and exiting cities.

I-Phone : The app is for sale at a cost of **\$2.99** in the App Store and is called "isnowtrailsnb".

Android : The app is for sale at a cost of **\$2.99** in the Play Store and is called "isnowtrailsnb".

Trail Downloads for Handheld GPS Units - Please visit the Trakmaps website (<http://www.trakmaps.com/Products.aspx?p=s>) for the closest dealer near you. You can also purchase directly from this site which is safe, secure, and much faster.

The advertisement features a central photograph of a group of snowmobilers on a snowy trail. Below this, there are four smaller inset photos showing individual snowmobilers in various settings. The text is presented in a mix of bold, sans-serif fonts and smaller, italicized fonts. A yellow banner with black text is prominently displayed across the middle of the image. The overall design is clean and informative, with a clear focus on the product being advertised.
